Re: Permit to Operate for Durham Compost Facility – **Permit 3204-Compost**  
Large Type 1 Solid Waste Compost Facility; Durham County  
**DIN 2525794**

Dear Mr. Woody:

Please find enclosed the signed Permit to Operate (DIN 25793) for the City of Durham Compost Facility located in Durham, NC. This permit issuance approves the continued operation of the facility under the terms and conditions of the permit. In general, the facility permit does not reiterate permit conditions included in the Solid Waste Management Rules, 15A NCAC 13B, nor does it restate specific conditions that are included within the approved plans, such as site specific operations. Please review the conditions of the permit carefully.

Please keep a copy of the current permit, updated Operations Plan, and other required documentation on site at all times. If you have any questions regarding the permit or its conditions, please feel free to contact me at (919) 707-8258 or at [perry.sugg@ncdenr.gov](mailto:perry.sugg@ncdenr.gov). The Solid Waste Section Management Specialist for the facility is Ms. Mary Whaley. She can be reached at (919) 621.3685.
